Sara Larkem

Final-year Software Design with AI & Cloud Computing student

Tullamore, Co. Offaly, Ireland · saralarkem7@gmail.com · linkedin.com/in/SLarkem

PROFILE

Final-year Software Design with AI and Cloud Computing student with hands-on software engineering experience gained through an internship at Causalix. Experienced in Python, TypeScript, React, backend development, automated testing, debugging and Git workflows. Strong problem-solving and teamwork skills, with an interest in backend systems, full-stack development and AI-powered applications. Seeking a graduate software development role where I can contribute to real-world projects and continue developing as an engineer.

EXPERIENCE

Software Development Intern · Causalix, Amsterdam, Netherlands — Mar 2026 – Aug 2026

- Contributed to a production AI/software platform using Python, TypeScript, React, SQLAlchemy, Docker and Git
- Implemented backend and frontend features including prompt versioning, authentication fixes, UI improvements and system health monitoring
- Worked with automated testing, GitHub pull requests and Jira to debug issues, deliver features and maintain existing systems

Carer · Connected Health, Tullamore, Offaly — Jun 2025 – Aug 2026

- Provided independent in-home support while maintaining professionalism and confidentiality
- Completed daily care tasks with attention to safety and wellbeing
- Responded to challenging behaviour with calm, empathetic communication
- Coordinated effectively with office staff and care teams

Retail Assistant · CEX, Tullamore, Offaly — Nov 2021 – Dec 2022

- Carried out inventory checks across electronic devices
- Tested and verified functionality of second-hand electronics prior to resale
- Updated pricing, labelling and displays to maintain product accuracy
- Delivered excellent customer service and assisted with product selection

EDUCATION

BSc (Hons) Software Design in AI & Cloud Computing · TUS Athlone — 2023 – Present
Modules include Software Design, Web Development and Databases

Computer Networks with Software · Laois & Offaly ETB (LOETB) — 2022 – 2023
Full Distinction Award

Leaving Certificate · Killina Secondary School — 2016 – 2020

SKILLS

Technical	Python, TypeScript, JavaScript, React, Java, SQL, SQLAlchemy, REST APIs, Docker, Database Design, Git & GitHub, Automated Testing, Jira
Professional	Problem Solving, Teamwork, Communication, Time Management, Independent Working, Adaptability
Languages	English (native), Arabic (fluent)
Creative	Sketching ideas and concepts to aid communication; writing short pieces and poetry
